

MV LOCH SEAFORTH Update

Categories : [Press](#), [Projects](#)

Tagged as : [MV Loch Seaforth](#)

Date : 27th June 2014

MV LOCH SEAFORTH is on track to arrive in Scotland later in the summer and enter service in September 2014.

Outfitting and commissioning works are continuing on MV LOCH SEAFORTH at the fitting out quay at Flensburger Schiffbau-Gesellschaft mbH & Co. KG in Germany.

The auxiliary engines have been tested at full load and other systems are under test.
