

NTM 50/17 Dive Project at Mishnish Pier, Tobermory Update

Categories : [Notice to Mariners](#)

Date : 8th September 2017

Mariners are advised that following resolution of yesterday's technical difficulties, about 12:00hrs today dive contractors CCD are undertaking a dive project to inspect the CalMac RoRo ferry MV Loch Tarbert while alongside the Mishnish Pier, Tobermory.

Prior to commencing the project the dive team supervisor will liaise with Tobermory Harbour Authority and CalMac ferry operations staff. At all relevant all times the dive team supervisor will display Flag A and monitor VHF channel 16.

All vessels navigating in the vicinity of the Mishnish Pier Slipway are advised to maintain a lookout for Flag A and when displayed, proceed with caution, regulating their speed to minimise the effects of wash accordingly.

It is anticipated all diving will be completed within one day.

Further details can be obtained using the contact details below.
