

NTM 70/16 Wemyss Bay Dive Works Shearwater Marine Services Ltd

Categories : [Uncategorized @gd](#)

Date : 17th October 2016

Mariners are advised that during the evening of 17th October 2016 dive contractors Shearwater Marine Services Ltd will be conducting a diving project in the vicinity of the pier head at Wemyss Bay Ferry Terminal pier as part of fender works. The works will be carried out in late evening and through the night to avoid impacting scheduled ferry services.

The dive team will be operating from the pier deck using a crane and man-rider basket.

At all times dive operation working areas will be appropriately marked using Flag A 'Diving Operations' or display appropriate navigation lights and during this time the pier will be closed to all vessels.

All vessels navigating in the vicinity of Wemyss Bay Ferry Terminal are advised to exercise vigilance and pass at minimum safe manoeuvring speed and sufficient distance from the dive site to reduce the risk of damage or injury being caused by the passing vessel's wash or displacement.

Further details can be obtained using the contact details below.
